Guest Experience MATTERS

The PURELL™ brand signals your commitment to quality.

Works quickly and effectively.

PURELL Foodservice Surface Sanitizer is a one-step sanitizer and cleaner that dissipates quickly and cleanly with no streaks or sticky residue. The light, fragrance-free scent gives you the peace of mind to use around patrons.

Multi-surface formulation.

Sanitizes and cleans everywhere you need it, with no rinse required on food contact surfaces!

Effective on **HARD** and **SOFT** surfaces, including:

- Plastic
- Granite
- Sealed wood
- Porcelain
- Laminate
- Upholstery
- Vinyl
- Stainless steel
- Glass
- Formica®

Powerful Peace of Mind

Introducing PURELL TOUCHABLE® Technology

This revolutionary new product quickly and effectively eliminates germs on surfaces, including **Norovirus, E. Coli,** and **Salmonella** in **30 seconds**.

But powerful germ kill does not mean you have to expose your employees to harsh chemicals. PURELL™ Foodservice Surface Sanitizer is a no-rinse, food-contact formulation, featuring the lowest allowable EPA toxicity rating.

The formulation simply sanitizes and cleans any front or back of house surface without the harsh chemical fumes or required safety equipment of bleaches and traditional sanitizers.

Gentle enough to sanitize and clean a child's booster seat or cutting board, yet tough enough to kill Norovirus.
